Great hunting experience*

Located in Ohio's Ashtabula county – a county known for being #1 in the U.S. for trophy bucks – Oak Ridge offers you a great opportunity to experience the trophy whitetail hunt you could only dream of until now. Enjoy all the amenities of a private hunting club – all season long.

Our back country hunting preserve consisting of 150 acres with food plots, apple trees, and dense cover that makes for the most natural habitat. And, yes, the Big Bucks dwell within – sporting antlers from 140"-200" and occasionally even bigger. Numerous deer stands along the oak ridges, around apple trees, and at the edges of lush food plots provide for a great day in the woods. Your one-on-one guide will make every effort to assure a successful, memorable hunt.

*Hunt on your schedule.*

Book a hunt that fits your schedule. Early birds get the first choice of available dates. To reserve your hunt call us today.

Only one hunting party is in our private fenced preserve at any time. Instead of sharing the woods with all-comers, you enjoy the unlimited access, peace and solitude of a hunt with friends.

*The lodge: your private retreat.*

Overnight parties will have the full run of our lodge, a rustic barn transformed into a luxury loft that sleeps up to 4. Gather at the wood burner, enjoy the deck overlooking the preserve or build a campfire in the fire pit. We'll serve your meals at the lodge, plus you'll have a full kitchen.
